

Future Second Grade Parents

I am looking forward to having you child in my class next year. This note is attached to a note to your child. Please read the other note also so that you know what your child is to do over the summer.

Your child has a summer reading assignment. The book that needs to be read and brought to school on the first day is Jigsaw Jones and the Case of the Marshmallow Monster by James Preller. I have called Books-A-Million and they will have copies available for purchase or you can order it online. The cost should be around \$3.99. Please be sure your child reads this book before the first day of school. We will be doing activities with this book the first days of school.

I would also like them to practice their math skills everyday. This is very important if we are to start moving quickly at the beginning of the year. Practice the flashcards that you have already made. Send them on the first days of school for some review games.

Listed on the next page are the supplies that will be needed on the first day of school. Please make sure that your child's name is on all the supplies you send to school. If you have any questions about these supplies, please contact me at school before June 4.

I look forward to working with you and your child next year. Have a good summer and I will see you in August.

Supplies for Second Grade

1. 1 box of #2 pencils
2. 2 boxes of crayons-24 in each
3. erasers
4. 1 pair of scissors
5. 2 Yellow highlighters
6. 1 bottle of white school glue
7. 3 glue sticks
8. Plastic pencil box- no bigger than 8" long (no zipper bags, etc...)
9. 1 binder-1 ½" binder with the following items inside:
 - 3 clear, plastic top loading sheet protectors
 - 1 folder with bottom pockets on the inside with 3 holes in the side that will go in the spirals of the binder.
10. 3 boxes of tissues
11. 1 bottle of GermX/Purell
12. 1- 1" binder for science (You may use the same one from first grade)
13. 1 box of colored pencils- (Crayola, please, as they sharpen better)
14. 1-Pencil pouch with 3 rings that will fit into the science binder.
15. 1-Small, plastic pencil sharpener that will be kept in the pencil pouch of the science binder.
